

SGGSWU proudly celebrates its outstanding alumni in the realm of korfball, who continue to elevate the university's legacy through exceptional leadership and athletic prowess. Gurpreet Singh, an esteemed ex-student and current Assistant Professor in the Department of Physical Education, exemplifies this spirit. As Captain of National Korfball team, he masterfully guided the squad to qualification for the prestigious Federation Cup, featuring the nation's top 8 teams. Extending his influence beyond the university, Gurpreet led Punjab as Captain in the Senior National Korfball Championship at Lovely Professional University (LPU), inspiring unity, skill, and competitive excellence.

Joining him in this proud tradition are fellow alumni Yuvraj Singh (Nanotech) and Lovepreet Singh (Mped), whose contributions alongside their teams have further strengthened SGGSWU's reputation in korfball. These trailblazers embody the university's commitment to holistic development, blending academic rigor with sporting achievement to nurture leaders who make a lasting impact on the field and in society.

From the courts of national championships to the classrooms shaping tomorrow's athletes, SGGSWU alumni like Gurpreet, Yuvraj, and Lovepreet stand as inspiring symbols of dedication, teamwork, and the enduring values of Sri Guru Granth Sahib World University.
